

## Project Overview

Binti Hodari project is PEPFAR funded and implemented in Chato District Council by Tanzania Development and AIDS Prevention Associations (TADEPA) aiming at empowering adolescent girls and young women and reducing risk through youth-friendly reproductive health care, social asset building, mobilizing communities for change with school- and community-based HIV and violence prevention.

### Intermediate Results

- **IR1:** Increased number of AGYWs with improved knowledge on their right to quality education and sexual reproductive health service
- **IR2:** Improved ability of adolescents to practice positive health seeking and self-care behaviors
- Established Viota Salama (Safe Spaces) to provide inclusive environment for AGYW to socialize, receive friendly sexual and reproductive health care, social support, foster supportive social networks, acquire skills,
- **IR4:** Strengthened a chance of adolescent to engage and participating in decision making at local levels including village management committee
